EV reviewer & Michelin Ambassador

What is our issue with solar energy?

Popular comment - Doesn't work at night

440+ comments · 1 day ago

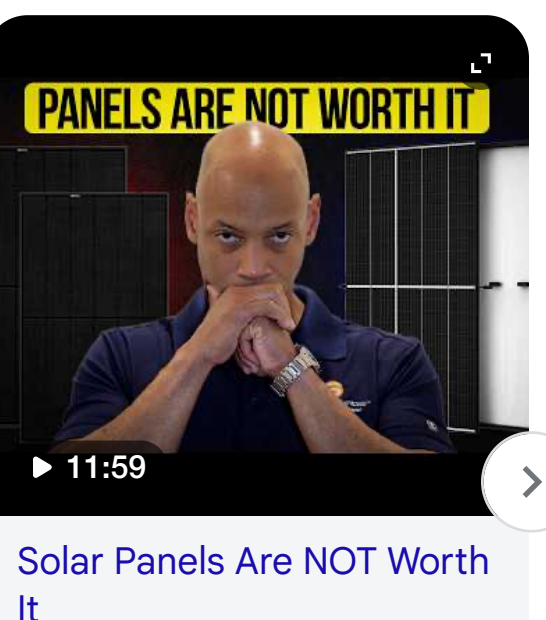

renergy Podcast

The Chinese solar industry is churning out solar panels faster than anyone can plug them in and they're so cheap now that many communities around the world that didn't even have consistent access to electricity before can afford them

PANELS ARE NOT WORTH IT

11:59

Solar Panels Are NOT Worth It

11K+ views · 1 week ago

Solar Surge · YouTube
Solar energy reviews

Efficient homes and solar

⌵

Consumers express satisfaction with energy-efficient homes and solar panel systems, even in sub-freezing temperatures, noting low energy consumption.

Best solar panel cleaning methods

⌵

Debates around the best cleaning approaches, with concerns that cleaning from the bottom may cause re-soiling of cleaned panels.

Local solar panel recommendations

⌵

Homeowners seek recommendations for solar panel installation in their area, driven by concerns over rising electricity bills and energy costs.
